## USING YOUR EARWORN MICROPHONE

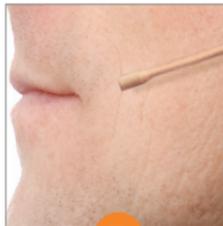

1

Earpiece can be shaped to wear on left or right ear.

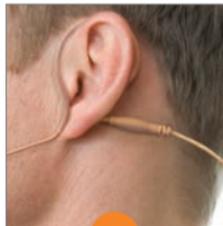

2

Use small bends in several areas of the boom to get the required curvature.

3

Ensure the microphone element is within 1-2 inches of the mouth.

4

Bend the cable junction (from the boom side) to guide the cable behind the neck.

5

Attach cable to the clip and secure to an area near the neck.

---

 ADDING THE R-DMC (Model # CO-6-KIT)

Reversible  
Dual-Ear  
Mic Clip  
(R-DMC)

Gently pull ear hook from the headband about 1/8" to unlock. Turn ear hook into upright position. Release to lock into place.

Slide the headband on both sides to adjust evenly for a proper fit.

Slide the microphone into the mic clip. Adjust to secure the proper position.

## CABLE CARE

Use care when storing your microphone: coil the cable so that it rests flat.

**DO NOT** wrap the cable around the body pack or coil the cable in any way that creates serious bends or strain on the cable.
