

COMMITMENT TO QUALITY

As an AVIXA Renewal Unit (RU) Provider, **Point Source Audio** demonstrates its commitment to providing quality education and training for audiovisual professionals, including Certified Technology Specialist™ (CTS®) holders and the specialized designations CTS®-D (Design) and CTS®-I (Installation). **Point Source Audio** submitted this course to the AVIXA independent Certification Renewal Committee for its approval to provide learning opportunities for CTS holders and others for their continued professional development.

CTS RENEWAL IS EASIER THAN EVER

All levels of CTS certifications are awarded for three years. To maintain and to renew your certification, you need to accrue 30 Renewal Units (RUs) through continuing education during that period.

After completing this RU-approved course, you will receive a certificate from **Point Source Audio**

Upload your certificate to your online transcript by logging into the AVIXA training catalog at login.avixa.org and select the CTS Transcript tab. This is a great way for you to keep track of all of your courses, making renewal easier than ever.

ABOUT THE CERTIFIED TECHNOLOGY SPECIALIST CREDENTIAL

AVIXA is the Audiovisual and Integrated Experience Association™ representing the audiovisual industry. AVIXA's Certified Technology Specialist, Certified Technology Specialist – Design, and Certified Technology Specialist – Installation are the only audiovisual certification programs accredited by the International Organization for Standardization's (ISO) United States representative, the American National Standards Institute (ANSI). Accepted by the U.S. Veterans Administration for reimbursement under the Montgomery G.I. Bill, AVIXA certification programs are designed to establish and maintain widespread credibility for the audiovisual industry and the professionals who perform the work.

For more information about AVIXA member benefits and programs, visit avixa.org.
